Zero Percent Perspiration, 100 Percent Inspiration

In college you spent the entire kegger making sure everyone's cup was full.

But times have changed. Now you worry whether the champagne is underchilled and the filet mignon overcooked.

Stop the stressing and call **Magnificent Milestones.**

Whether planning your wedding or a 30th birthday bash, they'll blend your unique style (organic fairytale princess, anyone?) with their expertise, so everything from decor to music to food is custom designed to reflect you.

Even if you aren't coordinating an entire event, invitations from **Magnificent Milestones** will make your gathering impossible to resist. Choose from hundreds of styles from renowned stationery designers like Abby Jean,

Dauphine Press, and Seraph.

Stop by the new design studio in the chic Fulton Market neighborhood for a one-stop planning experience. Study the vendor resource collection with samples from Chicago's best. You can even take floral design or etiquette classes.

So you'll enjoy your parties as much as your guests do.
